Popular with hikers and mountain bikers in summer, you can enjoy a wonderful view from here and the peace and quiet from everyday stress in the midst of green meadows and an active alpine farm. In addition, Partnom is an excellent starting point for countless mountain tours of different levels of difficulty. In winter, the chairlift opens and the Partnom area is transformed into a family-friendly ski area for young and old. From here you can also go on ski tours, tobogganing and extensive winter hikes.
